About Gabriela Montero

Making her Hong Kong debut, Grammy Award-winning Venezuelan pianist Gabriela Montero presents a concert of piano masterpieces and improvisations. Gabriela Montero's visionary interpretations and unique improvisational gifts have won her a devoted following around the world. In addition to her brilliant interpretations of the core piano repertoire, Gabriela is also celebrated for her ability to improvise, composing and playing new works in real time. She says, *"I connect to my audience in a completely unique way – and they connect with me. Because improvisation is such a huge part of who I am, it is the most natural and spontaneous way I can express myself."* As part of her recital programme, Gabriela invites the audience to choose themes and ideas on which she improvises. This is a rare opportunity to hear a globally-admired talent and her exhilaratingly refreshing approach to music-making.
